

Edmonds Woodway Amateur Radio Club

Meeting of 8 December 2022 Pr. Ed Serchon N7PHY
Presiding

General Announcements:

- This is our 4th Anniversary! Way to go EdWay!
- Daily 10 meter gatherings continue at 1200 local time at 28.350 MHz USB. Everybody is welcome.

From the Treasurer:

- Bank balance still in the black.
- Income: \$25.00
- Outgo: \$150.00 for quarterly payment to the Community Center and \$120 for Web Hosting
- Members who wish to get more details regarding the state of our finances should contact our Treasurer, Barry K7BWH.

Club Elections - Vote Early Vote Often:

- Coming soon to your email: EdWay Ballot. This year, in addition to the normal slate of club positions we will chose the club mascot.

Ideas for 2023:

- Outreach. Need to design and print a New Ham Welcome card to be sent to newly licensed hams in our area.
- Presentations. Suggestions for specific topics, presenters are welcome. More Learning Series?
- Events and Projects:
 1. Winter Field Day - January 28, 29 2023
 2. Field Day - June 24, 25 2023
 3. Edmonds Preparedness Expo - September 2023?
 4. Parks on the Air
 5. Contest from the Community Center?
 6. Field Trips - Return to Bellingham Museum
 7. Regular Simplex tests
 8. Swap Meets. Possibly indoors at the Community Center. How often?

9. Pancake Breakfasts. We need to check with Community Center to see if they will begin serving breakfasts again. The Pancake House on Highway 99 has a room we could reserve.
10. Net Control - We would like to encourage more members to try their hands at running the weekly net. Members should know that the people who have experience with running the net are ready and willing to help others learn how it is done.
11. VE Testing - We want to plan for starting this in late winter or early spring. We need someone to coordinate the effort. Additional volunteers are welcome.
12. Web Site Updates - Our photo collection is a bit dated. If members have photos to share of our various Field Day set ups (especially the all-time toasty FD of 2021) we could put those on the web site. We could also add pages with emergency contact procedures and alternate frequencies.
13. N6CES Repeater and antenna tower

List of attendees

In Person:

Ed N7PHY
Barry K7BWH
Greg N7IAD
Neri NC7N
Mike W7NP
Walt W7PRB
Daniel KJ6SEE
John KM7O

Via Zoom:

Tom K7BXA
Susan W7MXW
Brian KG7PD
Mel KD4OLE
Kim KD7ITZ
Scott KB7RSV
Rick K7TR
