Ed N7PHY is currently out of town chasing grids in Montana. He has worked DN68, DN67, and DN77. Now he is on to DN37. In his stead other club members have stepped up to man the Net Control Station for our Tuesday evening nets. So far Greg N7IAD, Tom K7BXA, and Barry K7BWH have been Net Control Operators. Robert KD7WNV is scheduled to take control on July 16.

Monthly Presentation:

Barry K7BWH gave a very interesting presentation on why EME or Moon Bounce is such a difficult and demanding technique. Barry's slide presentation is available at:
