

Edmonds Woodway Amateur Radio Club

Meeting of 14 August 2025 Pres. Ed Sershon N7PHY presiding.

General Announcements:

Daily 10 meter gatherings continue at 1200 local time at 28.350 MHz USB. Sometimes up a bit, sometimes down a bit depending upon current use of that frequency. See the email reflector for possible QSY details.

From the Treasurer:

We currently have 57 paid up members. No outgo. No income. The club bank account is currently in the black.

For more details regarding the club budget or financial matters see Barry K7BWH.

General Business:

The annual club BBQ is Saturday August 16 at the home of Greg N7IAD and Devnee. See the email reflector for details. If you plan to attend but have not responded, please do so ASAP. Remember that parking adjacent to Greg's home is pretty tight so carpool if possible and/or plan on parking at least a block or so away. Don't worry about the weather. This operation will go on rain or shine.

Tuesday net operators are needed. The usual suspects are Ed N7PHY, Greg N7IAD, Barry K7BWH, and Tom K7BXA. Others are encouraged to take a turn. Tom suggested having a Net Control Practice session where interested people could watch in person to see how easy it is to run the Tuesday evening net. When the details have been ironed out we will make an announcement via the email reflector.

Presentation:

Marv Shelton K7IU gave a presentation on Chasing DX. See the recorded video of the presentation at: <https://youtu.be/HXiWfuNqmBE>
