

Edmonds Woodway Amateur Radio Club

Meeting of 11 December 2025 Pres. Ed Sershon N7PHY presiding.

General Announcements:

The meeting this evening marks the 7th anniversary of our club! Thanks to John KM7O for his vision of the club and the work he did to get it started. Thanks also to those whose work over the past 7 years have kept the club running and growing. Thanks to the members who make up the club and whose connections to the many aspects of Amateur Radio make this club such a great organization for all of us.

Daily 10 meter gatherings continue at 1200 local time at 28.350 MHz USB. Sometimes up a bit, sometimes down a bit depending upon current use of that frequency. See the email reflector for possible QSY details.

From the Treasurer:

Barry K7BWH will give a full budget report at the January meeting. Currently we currently have 58 paid up members for 2025. And 1 paid up member for 2026 ... January is membership month so you can pay online at the club website or send a check to Scrooge McDuck K7BWH at his home address or bring the check to the January meeting. Remember that donations beyond club dues are always welcome. Dues and donations are the primary source of income for the club. Recent outgo of \$150 to cover room rental for January, February, and March in the new year. More outgo of \$97 for two tables and entry costs for the Mike and Key Swap Meet in early March. More outgo of \$110 to Ed N7PHY to cover half the cost of his yearly fee for Zoom which the club uses every month. This last expenditure was approved by voice vote at the meeting. The club bank account is currently in the black.

For more details regarding the club budget or financial matters see Barry K7BWH.

Election Results:

With 30 some ballots counted in the recent election the results are as follows:

- President Brian N4WZY
- Vice-President Ed N7PHY
- Secretary: Tom K7BXA
- Treasurer: Barry K7BWH
- Executive Committee #1 Greg N7IAD
- Executive Committee #2 Rick K7TR

Announcements:

The Nanaimo Amateur Radio Association has a NVIS test planned for Sunday December 21. This test will take place in the 60 Meter band at 5.346.5 MHz USB. For more complete information see: https://ve7na.ca/wp-content/uploads/NVIS_Tests_October_18_2025.pdf

ARRL has a 10 Meter contest scheduled for December 13-14. Details, plus a link to the complete contest rules can be found at: <http://www.arrl.org/10-meter>

Geminid Meteor Shower - December 13 and 14

Winter Field Day - January 24 We are signed up to use the Lake Ballinger Center for our base of operations. As always we can use people to help with this first event of the new year.

Mike and Key Swap Meet - March 7 We have 2 tables reserved. We are on the lookout for volunteers to help with setting up the tables and manning them during the swap meet.

General Business / Open Mic:

Greg N7IAD will look into a Saturday get together at Time Out restaurant in Mountlake Terrace. Possible coordination with Pacific Northwest 10 Meter group.

Brian N4WZY presented a brief video of a morse coded decoder and sender which he has been using. The software is known as MRP40 and more information about it is available at: <https://www.polar-electric.com/Morse/MRP40-EN/>

Meeting was adjourned so that we could enjoy holiday snacks!
