

Edmonds Woodway Amateur Radio Club

Meeting of 10 September 2026 Pres. Brian Sears N4WZY presiding.

Meeting Visitors:

We had 4 visitors at this meeting. That is a record! Thanks to them for taking the time to look up the club and to show up at a meeting. I hope they got a good impression of our club and our members. And I hope they join our group.

General Announcements:

Welcome! Daily meet up continues on 28.350 MHz USB. The more the merrier.

From the Treasurer:

For details regarding the club budget or financial matters see Barry K7BWH. The club bank balance is in the black. Currently we have 57 paid up members which is near our record high membership. There was income from two new members. Recent outgo was limited to our usual quarterly rent payment to the Lake Ballinger Center.

Edway Summer BBQ:

Brian N4WZY mentioned the club summer BBQ which was held in August. He thanked Greg N7IAD and his wife Devnee for hosting the BBQ. We are all grateful for the wonderful job they do to host the club. Thanks also to Ed N7PHY who handles the grill!

Salmon Run Coming Soon:

The annual Washington State radio contest, Salmon Run, is coming up on September 19/20. Always a fun contest to try.

Open Mic:

Ed N7PHY showed a well designed device for holding items on the steering wheel of a rover vehicle (not while driving!). This is the perfect solution for holding on to a laptop or tablet while running radios from the driver's seat.

John KM7O and Barry K7BWH showed off a circuit board they are working on for their updated Griduino product. No release date has been announced but stay tuned if you feel your life would be better if you knew exactly which Maidenhead grid you are currently in and how far you need to travel to get to the next grid.

Presentation: Ed N7PHY on Gridzilla.US

Ed gave us a tour of Gridzilla.US which is a website devoted to all things grid. You can upload your logs and then see the geographic distribution of your contacts. You can see which grids are the most needed by grid chasers around the nation. You can find all the POTA locations in any grid. You can also see the details of roving locations maintained by Barry K7BWH. Go to: <https://gridzilla.us/> to explore for yourself. Ed's slides will be uploaded soon.

List of Attendees (* = Zoom):

Apologies to Zoom attendees who are not listed.

1		John	KM7O
2		Tom	K7BXA
3		Barry	K7BWH
4		Brian	N4WZY
5		Ed	N7PHY
6		Mike	K7MH
7		Jason	K7III
8		Rob	N7KCG (visitor)
9		George	KM7AEG

10		Scott	KB7RSV
11		Ellis Essig	KB2NT (visitor)
12		Sue Essig	(Visitor)
13		Mike	W7NP
14		Walt	W7PRB
15		Matt Harmon	KM7DOF (visitor)
16	*	Robert	KK7YNT
17		Robert	KD7WNV
18	*	Dave	WB6URD
19		Tammy	N6ZON
20		Tom	K7POE
21		Ric	W7HUG
22		Tom	KH6HDA
